EMT-90

What is an EMR?

Emergency Medical Responders are trained to care for patients at the scene of an accident or a medical aid. First Responders can serve as secondary providers with some volunteer EMS services. A certified first responder can be seen either as an advanced first aid provider, or as a limited provider of emergency medical care when more advanced providers are not yet on scene or available.

Job Outlook

The EMR course prepares you for the EMT course. The demand for EMT's is expected to grow in the state due to population increases, aging of the population, increasing ur
